

Industrial Search Partners is a contemporary breed of executive recruiting firm, dedicated exclusively to Industrial Sectors. With over 30 years senior-level search experience in the transportation industry, we secure and supply senior executives and board members for public and privately held clients. We present the best qualified, motivated and well-suited candidates to our clients for winning teams on every search.

Why work with us?

MORE THAN SEARCH

We provide talent identification, extraction & installation, securing and delivering executives that have a material impact on your business.

FEWER CONFLICTS

We have NONE of the off-limits constraints that hinder larger firms. When you work with us, you have a more robust and diverse slate of qualified candidates to choose from. You select the best the market has to offer.

TRUE COMMITMENT

We invest the time to get to know your business situation and company culture. Thanks to our relationships in the industry, we can complete your search faster while capturing all the collateral benefits, such as market insight, competitor intelligence and the voice of the customer.

SELL YOUR STORY

We can sell your company better than you can. Your hiring manager is a professional in his or her own right. Our skill set lies in selling our clients' value proposition. We know how to reach, engage and engender interest in the right candidates. We advise candidates within the context of their own careers.

Our clients are the nation's leading rail, trucking and logistics companies.

Sarah Stewart brings 30+ years of experience as Managing Director at ISP, as well as from her previous roles at Boyden, Boardroom Consultants and SpencerStuart. In addition to her work recruiting private and public company board members, she has managed recruiting assignments for general managers and other operating executives, CFOs, CIOs, and senior human resources, investor relations and corporate communications executives.
